WOOD ESSENCES

1. Solid oak, natural varnished finish

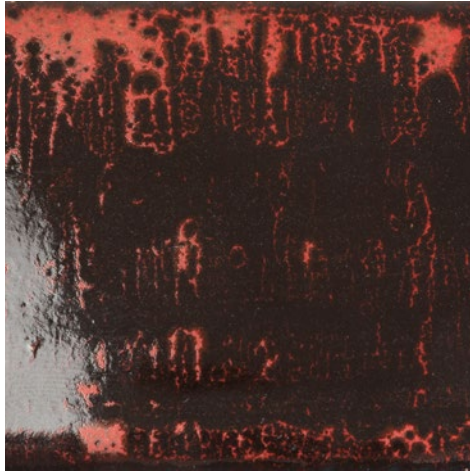

Solid wood is a natural product that responds to changes in temperature and humidity by expanding and contracting. Variation in graining, color and texture are inherent and to be expected.

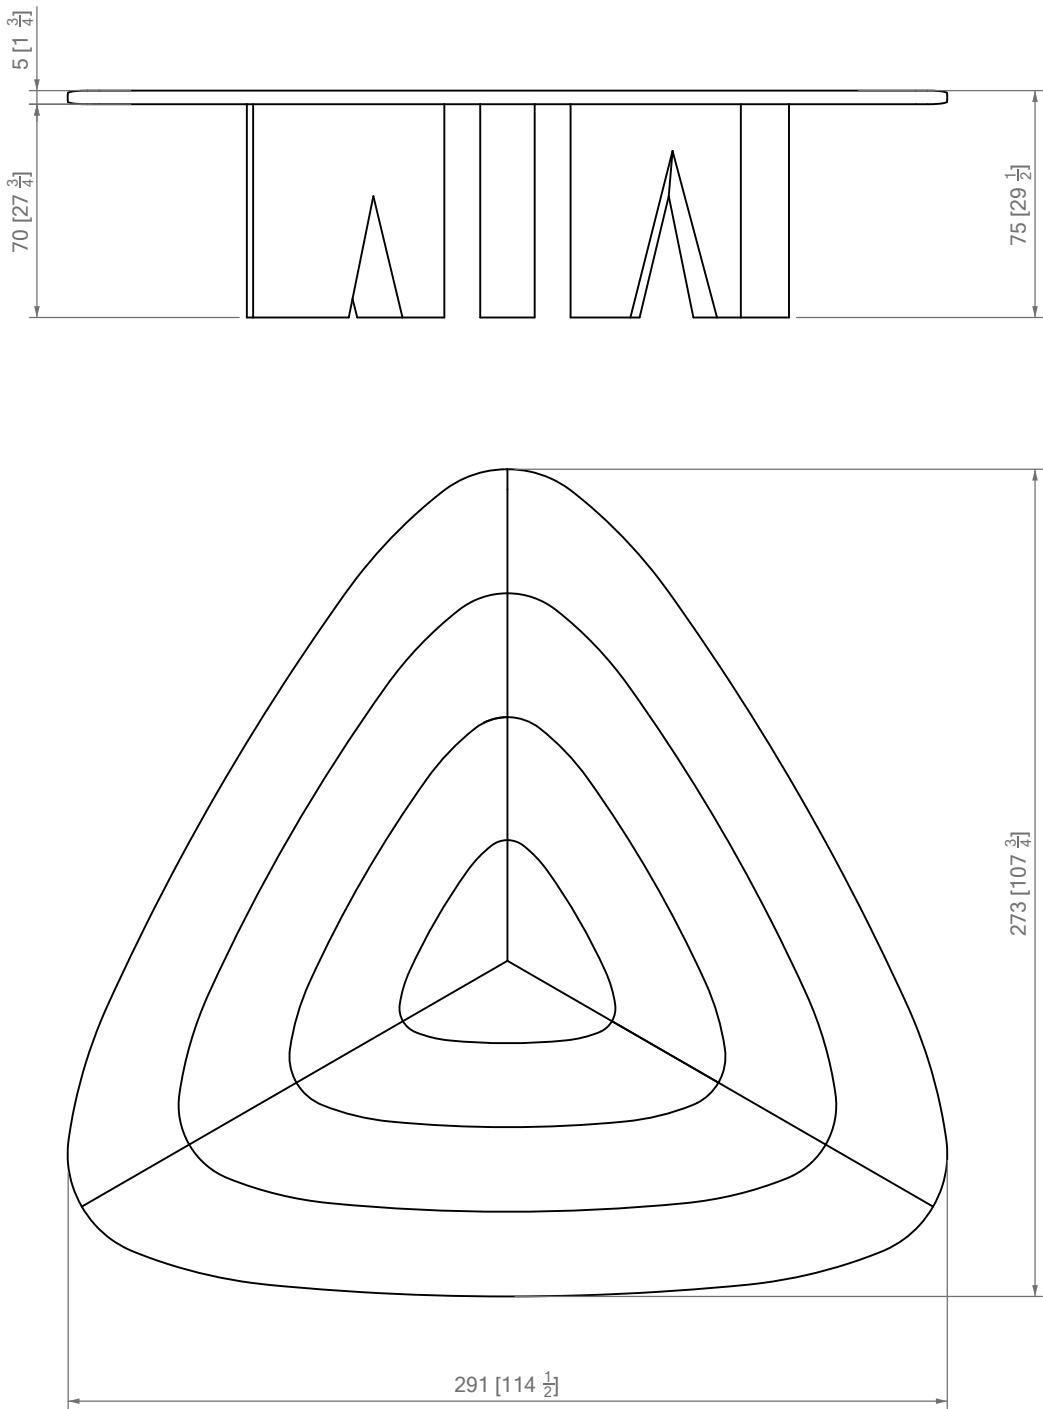

GLAZED STONEWARE

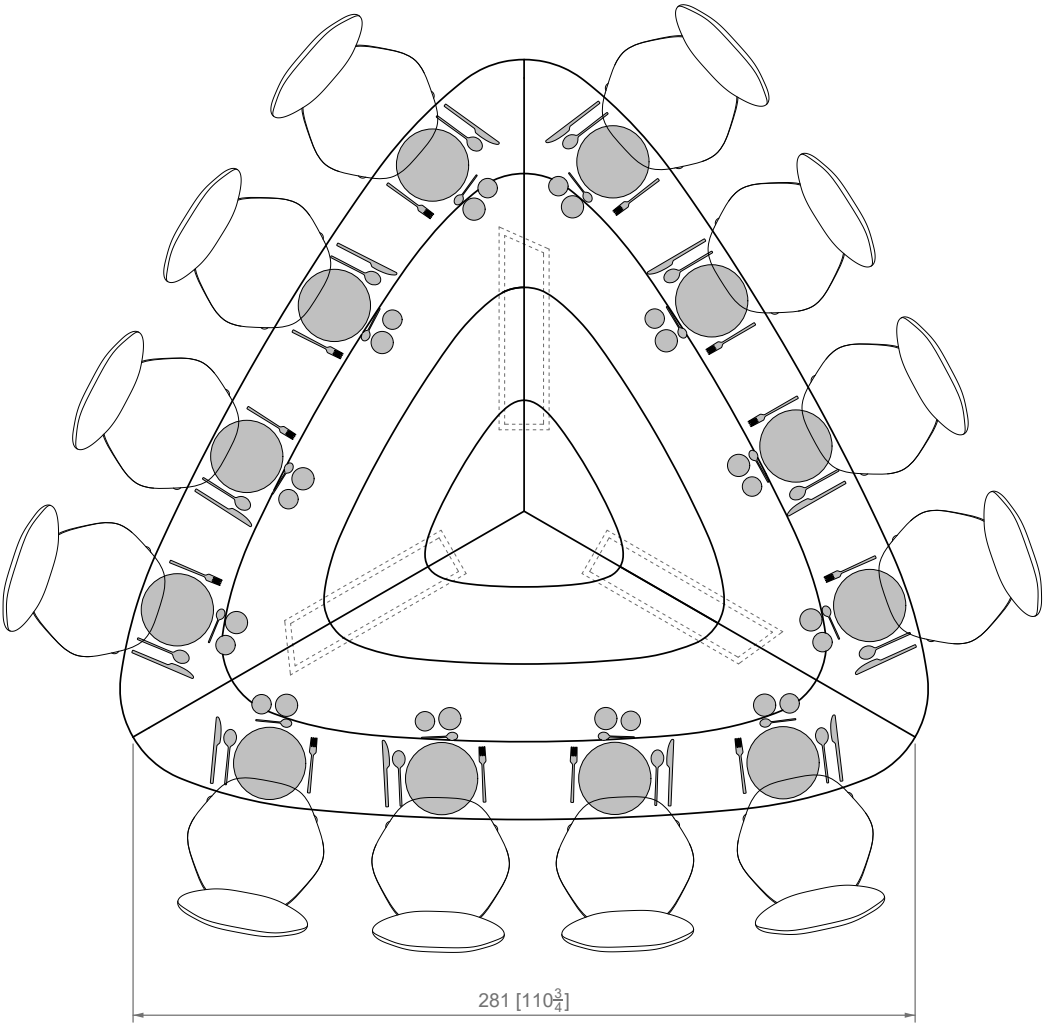

1. Soulages Black

All ceramics are handmade and integrate traditional methods to texture, fire and glaze one piece at a time. Expect minor distinctions that will make each piece unique and truly one of a kind.

Chair model used in plan: HEXA Chair
